OBJECTIVE

front-end developer focusing on JavaScript

Attentive to details. I can listen and express my thoughts. Ability to get along with people in a team. I bring the task to its logical conclusion.

As a Pet project, I develop a social network using React / Redux, TypeScript. Repository per project <https://github.com/Jackman108/ReactJS>. Interested in modern development methods. I continue to develop and improve existing hard and soft skills. For more details see the attached cover letter
